

2nd IBPSA - Egypt Conference Building Simulation Cairo 28-30 November 2019

Simulation for Sustainable Built Environment

Conference Topics:

1. Sustainable Construction Materials, SCM.
2. Daylighting & Acoustics, DA.
3. Energy Efficiency, EE.
4. Environmental Design Education, EDE.
5. Optimization & parametric Techniques, OPT.
6. Human Behavior, HB.
7. Urban Environment, UE.
8. Indoor Environmental Quality, IEQ.
9. Simulations in Rating Systems, SRS.
10. Renewable Systems, RS.
11. CFD and Air Flow, CFD.
12. Building Information Modeling, BIM.

November 28 - 30, **IBPSA-Egypt** organizes its 2nd Conference on building Performance Simulation at The American University in Cairo (AUC)

Reviewers are Internationally Recognized Names:

1. Professor Morad Abdel-Kader, Ain Shams University.
2. Professor Ahmad Abdin, Cairo University.
3. Professor Ayman Hassan, Cairo University.
4. Professor Marialena Nikouloupolo, Kent University.
5. Professor Neveen Hamza, NewCastle University.
6. Professor Ehab Okba, Fayoum University.
7. Professor Abbas el Zafarany, Cairo University.
8. Dr. Tarek Rakha, Georgia Tech.

Fullpaper Submission Deadline: May 22nd, 2019
Notification Date: August 1st, 2019

Registration Fees:

- Regular (Author) 4500 LE (250\$)
Regular Attendee (incl. Students) 1000 LE (50\$)
Workshops TBA:
1. Weather Files Formulation.
 2. Lady Bug Tools.
 3. Facade Thermal Imaging.
